

### Roadway Design PE

Bentley Architects + Engineers, Inc. is seeking a Florida Registered Engineer with a minimum of two years post registration experience in the design and preparation of plans for major and controlled access highways. Experience must include the design of new rural or urban highways and the design of major reconstruction rural projects with substantial capacity improvements for facilities located within the State of Florida.

#### *About Bentley:*

With 26 years of experience in the Orlando Area, Bentley has an established reputation as one of the leading innovators in public and private sector design projects. With in-house Architects, Civil Engineers and Structural Engineers, Bentley offers its clients streamlined project delivery. Visit our company Web site for more information [www.baeonline.com](http://www.baeonline.com).

---

#### *Responsibilities:*

- Fully capable of completing roadway design efforts with minimal direction.
- On a task basis, is responsible for preparation and completion of roadway engineering designs that are responsive to project needs.
- Coordinates preparation of design details, plans, and drawings within assigned task areas.
- Perform Plan reviews and participate in stringent QCQA process.
- Work closely with other disciplines on multi-discipline projects.

#### *Requirements:*

- B.S or M.S. Civil Engineering from an ABET Accredited College/University
- Licensed Professional Engineer in the State of Florida, with minimum of two years of post registration design experience
- Candidate must be currently living in Central Florida area and have US work Authorization (H1B candidates will not be considered at this time)
- Microsoft Office experience, including Microsoft Project
- Florida Department of Transportation project experience preferred.
- Candidate should be proficient in the use of Microstation, as well as design tools such as Civil 3D, Land Desktop and GeoPak; and must also have a working knowledge of current standards from FDOT, AASHTO and MUTCD.

#### *Benefits:*

- 4½ day compressed work schedule
- 15 Paid Leave Days per Year
- 7 Paid Holidays per Year
- 401k Investment Program
- Employee Healthcare with Optional Family Coverage
- Supplemental Insurance through Aflac

Please submit resume and list of project experience indicating if the project was completed, is under construction or on-hold to: Ms. Bel Stack, Recruiting Coordinator, [bstack@baeonline.com](mailto:bstack@baeonline.com) No phone calls, please.
