Bentley Celebrates 25 Years in Business

Longwood, Fla. (May 13, 2009) – Bentley Architects + Engineers, Inc. is celebrating its 25th anniversary. The Longwood firm was founded by structural engineer, William C. Bentley, in 1984 and developed into a full-service firm offering clients the following disciplines under one roof: Architectural Design, Civil Engineering, Structural Engineering, and Roadway Design. The firm is collectively registered in 17 states and focuses its work on commercial business projects within both the public and private sectors.

Since its inception in 1984, Bentley Architects + Engineers, Inc. has been providing Architectural and Engineering services throughout Central Florida and the United States. Bentley's services include Architectural Design, Land Development, Structural Engineering and Transportation Engineering. Having this combination of disciplines under one roof enables Bentley to provide its clients with innovative and cost-effective solutions to a variety of projects.
