Bentley Wins Palm Bay Fire Station Project

Longwood, Fla. (August 12, 2009) – Bentley Architects + Engineers, Inc. was ranked first to provide Design Criteria Package services for the City of Palm Bay's upcoming Fire Station No. 1 project. The station is estimated at 12,000 square feet and valued at an estimated \$2.75 million. In addition, Bentley will also provide the City with Architecture and Engineering services for the design of a fire station prototype. Bentley is very excited to start work on this very important project.

Since its inception in 1984, Bentley Architects + Engineers, Inc. has been providing Architectural and Engineering services throughout Central Florida and the United States. Bentley's services include Architectural Design, Land Development, Structural Engineering and Transportation Engineering. Having this combination of disciplines under one roof enables Bentley to provide its clients with innovative and cost-effective solutions to a variety of projects.
